

AGENDA Catalina-Rincon FireScape

January 6, 2010

12:30 p.m. at The Nature Conservancy (1510 E. Fort Lowell)

Review FireScape “Essence:” Jeanine

Brief reports on TEAMS meeting: Science presentation Dec 3 (Don)

Session with Chris French, Janel McCurdy, Joe Scott Dec 4 (Stan and Brooke). FACA, HFRA, path towards a proposed action as TEAMS fire/fuels experts see it.

January Presentations: Governor’s Forest Health Council January 14 am; FLT January 19 for an hour (Stan and Brooke).

Realigning roles in the new year: With Cori on board, we’ll change things a bit relative to Lori’s role, website dynamics, and who knows what else! Lori will still be keeper of the contact list and unofficial project archive (will go to TEAMS when official process begins) (Brooke).

Fuel model assignment update: Don

Ecological unit descriptions as repositories for all kinds of information: Make Cori editor in chief (Brooke). Desired conditions update (Jennifer).

Website update: Progress toward going live and a few challenges (Cori/Steve). Other outreach needs, milestones.
