

Agenda Catalina-Rincon FireScape

April 1, 2010

9:00 am at The Nature Conservancy (1510 E. Fort Lowell)

Fuels workshop April 19, 20, 21 at Cochise College, Benson. Update on who can attend, data gathering, other logistics (Don).

Latest on the project schedule. Stan and Brooke will report on what they've worked out with Janel McCurdy on the compliance side. PIL, proposed action ideas.

Outreach next steps. Given the schedule goals for the compliance process, what outreach is needed when? (Steve and Cori)

Other updates. CFLRP proposal, Chiricahua-Dragoon progress, field trips, hanging assignments relative to desired conditions:

- Don proposes to meet with Dan Robinett to make sure the fire return intervals listed in the desired condition statements are in sync with current research.
- Brooke and Cori will meet with Jim Malusa to review the Ecological Unit descriptions and look at formatting new sections/subjects for inclusion.
