

Catalina-Rincon FireScape Agenda

August 5, 2010

9:30 am to noon at The Nature Conservancy, 1510 E Fort Lowell, Tucson

Pil/Proposed Action update (Janel)

Desired Conditions update (Cori)

Revisit treatment options

Next step: sit down with Stan or Chris to get special features

Fuels Map update (Chris)

Latest from Joe

Design criteria

Review design criteria from Huachuca as revised by Chiricahua. These directly relate to the Biological Assessment—best management practices for protecting resources, particularly listed species.

Monitoring Needs (Chris S + Josh)

Begin framing what we need for this landscape—T & E spp plus broader effects monitoring

Group work

Budget: Brooke, Janel, Randall, Stan

Wilderness blocks: Josh, Kristy, Chris work

Outreach and Website: priority - meeting with environmental groups (Cori and Steve)
